

MBXAU TOKENOMICS

METALBANK GLOBAL MONETARY

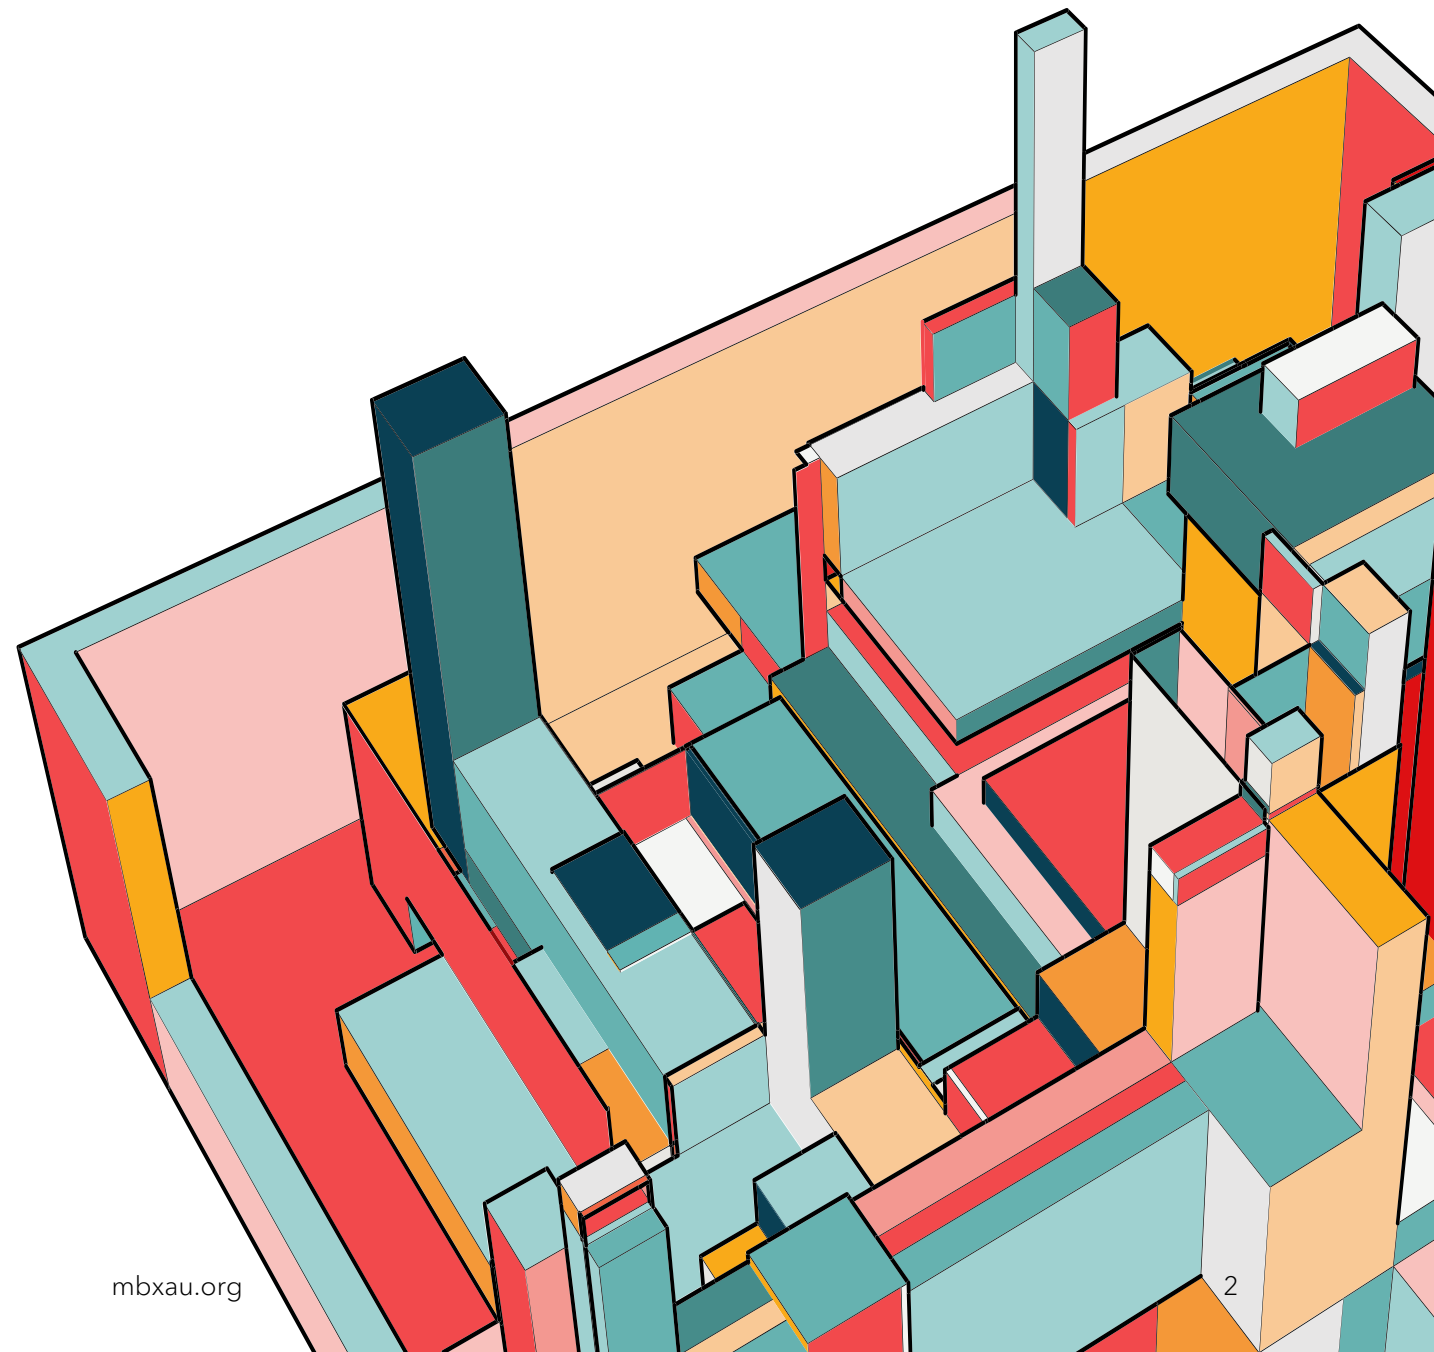

ABOUT US

The World's 1st Real Asset Tokenomics That Generate "GoldDrops"

The Tokenomics platform helps holders leverage the physical gold and earn multi-yield!

Metalbank Global Monetary aims to create a robust and transparent ecosystem that bridges the gap between traditional finance and the burgeoning world of cryptocurrencies so then the MGM innovative founders created a breakthrough physical gold tokenized model named METALBANK X AU=Gold tokenomic (MBXAU), X is meaning of a collaboration, Metalbank token in collaboration with the fully allocated (collateralized) physical gold.

MBXAU presents a groundbreaking fusion of physical gold pledging and decentralized finance (DeFi) through the creation of a crypto token ecosystem.
